CONTRACT LET FOR BUILDING

**Charleroi Lumber Company
Will Erect Local Municipal Structure**

MUCH BUSINESS TRANSACTED

The borough council Tuesday evening at the regular monthly meeting awarded the contract for the erection of the Charleroi municipal building to the Charleroi Lumber company at their bid of \$55,000. Other bidders were the Motz Lumber company of Monessen, \$60,704; Fayette Construction company, \$63,791 and the Brownsville Construction company \$61,312. Council instructed Borough Clerk Ira L. Nickerson to instruct the West Penn Power company and M. E. Riggs to remove property they have on the borough site at the corner of Fourth and Fallowfield within a period of five days. Work will be started by the Lumber company in that time.

Some changes were necessary in the plans for the new structure to lower the price. The plans call for the entire three stories to be put up as originally called for. However, only the first floor will be completed for present use.

All councilmen but Charles Van Voorhis and W. H. Calvert were present at the meeting.

R. J. Whitehead was present as a representative of the Charleroi Monessen Hospital association, asking permission to hold a carnival in Charleroi the week of July 4. Permission was granted. All expenses of the carnival will be born, as in the way of special police, etc., by the association, so that the borough will not be responsible in any way.

John O'Neil of the Board of Health was present, stating that complaints had reached the board relative to the caring of refuse from catch basins. Council instructed Street Commissioner Jacob Hornell to not dump the refuse where it might prove obnoxious.

A petition for the paving of Long alley from Eighth street to School alley was presented, but it was insufficiently signed and was returned to the committee of signers for further attention.

Ray Humbert was present asking for the grade on Fourth street between Shady avenue and Apple alley. Borough Engineer T. J. Allen was instructed to supply the desired grade.

Fire Chief J. M. Fleming stated to council that the fire plug at the junction of Fifth and Sixth streets on the hill should be raised and that the plugs at the corner of Third and McKean and Fourth and McKean were too close to poles. The fire, water and light committee was instructed to give these matters attention.

The accounts and claims committee was instructed to fix up a contract with the Landrin estate and Tony Rossi on Crest avenue, claims having been made by reason of a deep cut when paving was done.

Council determined on an investigation of the needs of a sewer on Crest avenue between Eighth street and the G-tield property.

Bids were received for furnishing the borough with sewer pipe and the contract awarded to R. C. Mountser.

Borough Clerk Ira L. Nickerson was instructed to prepare resolutions to respect to the memory of former

Railroad Not Fight Wagon Loading Plan

Independent coal operators who load cars from wagons were this morning highly gratified to learn that the Pennsylvania Railroad had withdrawn their petition and revision of schedules from before the Interstate Commerce Commission, that if adopted would have tended to put the wagon loaders out of business or else compelled them to use box cars.

Two suits were won by the wagon loaders before the Pennsylvania Public Service Commission. The railroad filed a petition for a revision with the Interstate Commerce Commission and the date set for the hearing was next Wednesday, in Johnstown. No reason is given by the railroad for the withdrawal of its petition.

REPORTED CAMBRIA WILL LOCATE IN MONONGAHELA

A rumor that comes with authority is to the effect that within a short time there will be located in Monongahela, a general office from which the vast interests of the Cambria Steel Company in the Pigeon Creek valley, will be conducted, says the Monongahela Times.

It is known that the Cambria company recently purchased the Maritana holdings from the Union Trust company and it is also stated that the same company has acquired the Pittsburgh-Westmoreland Coal Company. In addition to this rumor says that the Lackawanna Steel Company has sold its property at Ellsworth to the same company, giving them practically entire control of the output of the Pigeon Creek valley, with the exception of the Sedan mine, owned and operated near Van Vorhis by the Pittsburgh-Youghiogheny Coal Company.

The report is that the general offices of the company will be located in Monongahela and that all of the mines will be operated from this office.

Councilman Oscar C. Linn, to send a copy to the family and have a copy spread on the minutes.

Councilman H. L. Swickey reported that a colored man living near town desired to use a part of the borough property near the garbage furnace for garden purposes. The request of the man was granted.

Councilman Swickey also reported that Romeo Ross had dug a trench from First alley at Meadow avenue for a water line and then that the water company had declined to lay a line. The water committee was appointed to investigate.

Upon the report of the activity of the Board of Health and health officer the past week in preventing impure meat from being sold a vote of thanks was tendered the health officer.

The grade ordinance establishing the grade of the sidewalk on the west side of Lockout avenue between Sixth and Seventh street passed first reading and was ordered printed and posted.

Burgess Woodward's report for the month of April showed 76 arrests had been made, with \$65 in fines assessed and \$54 collected. Treasurer E. W. Hastings reported for February receipts, including bonds of \$32,452.57 and disbursements of \$2,770.31, leaving a balance in the treasury of \$32,378.90.

TAX COLLECTOR'S BOND INCREASED TO \$30,000

Bond of the tax collector was increased \$10,000 by the school board at its regular meeting Tuesday with all members of the board present with the exception of J. B. Campbell. The new bond will be for \$30,000, the old having been for \$20,000.

The school board voted the Bathing Beach association the use of the playgrounds paraphernalia for the season. It is the intention to make of the beach location a playgrounds for children.

Janitors of the various schools were granted the right of use of the ground at the rear of the Fifth street school for garden purposes.

High prices were given as the reason for rescinding a former resolution to have slate blackboards placed in the Crest avenue building and for the present the board blackboards, painted black, will be used. The building committee was empowered to enlarge coal bins in the high school building.

The recommendation that Edna Weight and Genevieve Nutt be granted normal diplomas carried. A number of bills were ordered paid.

SYMPHONY ORCHESTRA GIVES THIRD CONCERT

The third concert this season by the Charleroi Symphony Orchestra was given at the High school auditorium Tuesday evening under the direction of Jean DeBacker of Pittsburgh. The soloist was C. Warren Kinder, the well known tenor who rendered pleasingly "Ah! Moon of My Delight," Lehman as his first number and the latter part of the program a suite of three selections, "Invictus," Huhn; "Jean," Spross and (Continued on Page Four.)

Gives Up Loot and Bolts For Nearest Door

Alfonso Wade, colored janitor at a Monongahela pool room is missing following an exciting incident Tuesday just after one of the proprietors, Charles Hanlon, is alleged to have seen him open the safe and extract \$7 pin money.

Money has been disappearing from the safe ever since Wade started to work at the pool room, it is claimed, the loss amounting to over \$100. A trap was set for Wade, Hanlon concealing himself in another room behind a glass door where he could watch the janitor.

Hanlon burst in on Wade just after he had taken possession of the \$7. The negro thrust the money into Hanlon's hands and fled, so fast it is feared that it will take all of the \$7 to send him a postal card. Wade was out on parole to the county court for shooting his brother-in-law a few months ago.

**Local Chorus Will Present
Famous Mendelssohn
Composition**

WELL KNOWN SOLO SINGERS

The first night's presentation of the first great oratorio ever given in Charleroi will be that tonight at the high school auditorium of Mendelssohn's "Elijah," probably the most dramatic oratorio ever written. A chorus numbering about 60 singers, with well known soloists, will sing the "Elijah," under direction of A. H. Bosson, as a benefit for the First Baptist church.

The oratorio is in two parts, both of equal strength. Some of the finest music ever written is included in each part with solo, trio, quartet and chorus arrangement. Solo singers who will assume the most important roles will be: Thomas Morris, Jr., one of the best known Pittsburgh baritone as Elijah; Miss Ethel Barth of Charleroi as "The Widow," C. Warren Kinder of Charleroi as Obadiah and Miss Isabella Dorbritz of Charleroi as "The Angel." Accompaniment will be played by Mrs. Floyd Chalfant and a selected orchestra.

Members of the chorus are: Sopranos—Miss Ethel Barth, Miss Jean Bowers, Miss Lulu Buffle, Miss Lena Clark, Miss Ruby Charles, Miss Thelma Duvall, Miss Elizabeth Frew, Miss Mary Glunt, Miss Ethyl Gwynn, Miss Ina Kline, Miss Alice Mallabone, Miss Helen Michener, Miss Myrtle Murray, Miss Celia McDermott, Miss Mabel Orange, Mrs. T. Macbeth-Evans Glass Company to Consider Increase of Capital

WILL BUILD GAS PRODUCERS

Providing a proposed increase of capital from \$2,000,000 to \$5,000,000 was voted at a meeting of the stockholders of the Macbeth-Evans Glass company June 21, extensive improvements will be made to the Charleroi factory. At other plants improvements also will be made.

Failure of natural gas as a fuel for industrial purposes will necessitate the use of coal, particularly in western Pennsylvania, meaning large expenditures in building gas producers. It is understood that the proposed increased capital will not all be issued at this time.

SUNDAY SCHOOL BOARD NOMINATES OFFICERS

Washington County Sunday school association officers for the ensuing year were nominated at a meeting of the board of control in Monongahela Tuesday evening, as follows: President, W. S. PRESIDENT'S SIGNAL VICTORY

President Wilson last week... signal victory over his own party.

The Democratic leaders in Congress were in combination against the president's war policies. They fought over every inch of ground against the passage of the president's selective draft bill and other matters dear to the presidential heart.

But the Republicans in Congress came to the rescue of Mr. Wilson and they enabled him to triumph over his Democratic party leaders.

The Pennsylvania Republican congressmen stood solidly behind the chief executive, giving him their votes on every war measure he advocated. Julius Kahn, Republican of California, led the presidential supporters and while the lower house of Congress was organized by the Democrats Mr. Kahn rallied enough Republicans to put through all the administration measures considered.

On the senate side of Congress Senators Penrose and Knox of Pennsylvania stood shoulder to shoulder with the president and against the Democratic leaders in that body, making the victory of the president significant just now when loyalty is prompting every step in preparing for a conflict with an enemy country.

When patriotism is in the balance the Republicans are always loyal.

NEW YORK'S OLD FOLKS FULL OF LIFE AND GINGER THEY COME BACK STRONG

All are very enthusiastic in their support of their new friend. PHOSPHATED IRON.

Most middle aged people fail to realize the importance of their future health and happiness, by still trying to do a young man or woman's work, when the human machine is wearing out.

They are not aware of the changes in their bodies, are nervous, irritable, and the day's work looks like a whale of a job. They are all in and played out before they start.

What one needs when they get to this stage and what they are always short of is Phosphates and Iron in their systems. It renews the red blood, puts new life and vigor in all the nerve centers so you can start up and fight life's battles with confidence and a smile.

PHOSPHATED IRON has surprised the whole medical fraternity with its wonderful effective results. It is the one combination they can depend on to quickly supply the blood with Iron and strengthen and renew the entire nervous system by feeding the Phosphates directly to the nerve centers, thus rapidly building up and strengthening the whole body.

Iron and Phosphate are two elements everyone must have in their system to be healthy and strong. Every doctor will tell you this.

PHOSPHATED IRON produces results, men and women right in your own city can testify. PHOSPHATED IRON has given them a new grip on life, put energy and courage in their hearts so they could stand up and do their turn with the best of them.

Go to your druggist and get a package today. do not cheat yourself of this life-over. You owe it to yourself and family.

Special Notice. To insure your receiving the genuine Phosphated Iron we have put up in Capsules Only. Do not allow dealers to substitute Tablets or Pills.

Garden Commission

Salsify.

Like parsnips, salsify or vegetable oyster as the root is sometimes called

is improved by freezing and roots may be left in the garden all winter. It is an all-season crop which cannot be followed in the bed by any second crop.

Salsify also is like parsnip in that it is not adversely affected by hot weather or even drought, although its growth is checked at such times. It grows so well throughout the entire season and is ready for use late in the fall. From then on until spring it furnishes a steady supply of food. It is a root which deserves wider planting, because most tastes are fond of the oyster-like flavor of this vegetable.

The seeds are large, long and hairy, like sticks. Most of the seeds are fertile, so that in planting salsify it is not necessary to overplant in order to allow for seeds that will not sprout. This plant too, does away with the necessity of thinning at the

rows. Plant the seeds half an inch deep wherever you want plants to come up—plants every 2 to 4 inches are at the correct intervals—and do not thin out, one ounce of seed will plant 100 feet of row.

As for parsnips the soil should be deeply broken up so that the main roots will not split or bunch. The plant puts out numerous side roots, so that when it attains any size it becomes firmly fixed in the ground.

Harvest the roots by trenching on both sides of the row and pulling out the plants by their tops. Where the ground freezes so hard that digging is impossible in winter the roots should be put pit and covered with soil. Roots left to grow the second season are apt to become weeds.

A BOLD THRUST— BY A GREAT NEWSPAPER

No single event in the history of Pittsburgh newspaper publishing equals in importance and significance the latest achievement of

The Pittsburgh Post

Inspired solely by an ambition to lead its hosts of readers to the very pinnacle of modern journalism THE POST has completed an arrangement that, in conjunction with the CHICAGO TRIBUNE, gives it the services of a staff of world-famed writers in every civilized part of the globe. In addition to this THE POST will get each day the unrivaled news, literary and art service of the CHICAGO TRIBUNE, including special departments, cartoons and comics.

This augmented service in no way abridges the production of the other excellent facilities THE POST always has had to serve its readers. Rather it will supplement what has been an admirable system for giving POST readers more than is offered by any other newspaper. THE POST continues to receive the complete ASSOCIATED PRESS and INTERNATIONAL NEWS SERVICE reports daily, besides the fruits of the activities of its army of special correspondents.

Here is a glimpse of what readers of THE POST will get from the newly acquired service:

SPECIAL NEWS WRITERS—Captain H. J. Reilly with the French troops on the western front—a vivid writer; Robert Herrick, America's foremost novelist, writing now from France; Mildred Farwell, in the Balkans; Eugene Hurd, in Russia; Floyd Gibbons, in England; James O'Donnell, Bennett, in Germany; Arthur Hinman, in Haiti; Mark Watson, in New York; Oscar King Davis, in China; Arthur S. Harding and corps of four expert political writers, in Washington, and others in other parts of the world.

CARTOONS AND COMICS—By John T. McCutcheon, best-known cartoonist in America; Carey Orr, a young Southerner of undoubted genius; Frank King, who makes thousands smile every day; William Douglas, creator of THE KID; and others.

RING LARDNER—Regarded as the logical successor to Mark Twain. His Bushy Bill stories, letters of Bill to Steve, and his present series of Crazy Kennedy anecdotes have established his reputation as a humorist. Ring Lardner does not confine his talents to sports. Watch for his keen observation of life told in a way that always makes you laugh. We predict Ring Lardner will have a multitude of followers among Post readers.

SPORT PAGE articles by Harvey T. Woodruff, sporting editor of the Chicago Tribune; Ray Pearson, fight expert; F. E. Sanborn, famous baseball writer; Walter Eckersall, football expert, and Ring Lardner, humorist.

PHASES OF THE WAR by Edward Goldbeck and Robert W. Herrick, America's foremost novelist and critic.

A LINE-O-TYPE OR TWO by "B. L. T." Bert Leston Taylor, recognized as the greatest newspaper humorist in the world.

HOW TO KEEP WELL by Dr. W. A. Evans, former health commissioner of Chicago.

THE TRIBUNE COOK BOOK by Jane Eddington, cookery expert.

FASHION'S BLUE BOOK, by an unlimited corps of leading artists and experts in Paris and New York, edited by Corinne Lowe.

NEW YORK DRAMA LETTERS by Burns Mantle, one of the best-known writers on the drama in the country.

ASTRONOMY by Clifford Raymond.

FOR MOTORISTS AND MOTOR CYCLISTS by "High."

ARTICLES ON WHIST by R. A. Metcalf.
